### SPECIFIC REQUIREMENTS - CATTLE

#### Animal Health Status

##### **T.B.**

All animals must come from herds, which are Officially TB free (OTF) (i.e. not restricted), and the herd and relevant animals must have had a clear test within the previous twelve months. No pre-movement test is required for T.B. However, it is recommended by the Department that a 30-day pre-movement test for TB should apply to all Shows.

##### **Brucellosis**

All animals must come from herds which are Officially TB free (OTF) (i.e. not restricted).

Certain animals (i.e. females aged 18 months and over and bulls aged 24 months and over) must have passed a test for Brucellosis within the previous 60 days. However, these animals may move to any number of Shows within the validity period of the same 60-day pre-movement test.

##### **Identification**

All cattle must bear double plastic tags as issued under the Department's identification system. They must be accompanied by their passports.

##### **Bulls for A.I. Stations**

In addition to the T.B. and Brucellosis tests, bulls destined for A.I. stations must be tested for I.B.R. (Infectious Bovine Rhynotracheitis), E.B.L. (Enzootic Bovine Leukosis), B.V.D. (Bovine Virus Diarrhoea) and Johnes Disease, within 30 days prior to movement into such stations.

##### **AIM Notification**

The movement of cattle to and from an Agricultural Show within the State must be recorded on AIM. Keepers who plan to move animals to a show must obtain a Certificate of Compliance prior to the Movement of animals. No destination should be nominated when the keeper is applying for a Certificate.

At the Show, the Movement Notification section of the Certificate should be completed by the keeper and the Show Secretary who should clearly indicate the Show Number on the form. Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

Completed forms should be sent to the District Veterinary Office in the county where the Show is being held within 7 days of movement.

##### **Imports from Northern Ireland**

It is very important that any proposal to import cattle to a show is made known to the local District Veterinary Office well in advance so that consideration can be given to compliance with the requirements outlined below.

##### **Premises**

The Show premises at which the cattle will reside for the duration of their stay must either be an assembly centre

approved for exports or of such a standard as being capable of being approved for such a purpose temporarily. A fundamental requirement for such premises is that they have surfaces that are capable of being cleaned and disinfected, and have adequate cleaning and disinfection facilities. Adequate segregation facilities may be required also (see under "Status of Animals" below).

##### **Status of Animals**

Cattle from Northern Ireland being moved to a show must be certified in accordance with the normal requirements for intra-community trade in breeding animals including having passed a TB test (export interpretation) during the 30 days prior to export and a brucellosis test in the case of eligible animals (females and entire males over 12 months) during the 30 days prior to leaving the herd of origin.

To comply with eligibility requirements for re-importation into Northern Ireland after the show, cattle must not mix with any cattle of a lesser health status whilst at the show. This can be achieved in one of two ways: (i) either the imported animals are kept segregated fully from other cattle at the show which have not been tested, or (ii) all cattle attending the show must have been TB (export interpretation) within 30 days and all cattle from Northern Ireland attending the show must have been brucellosis tested within 30 days as set out above.

##### **Documentation**

Cattle imported to a show from Northern Ireland must be accompanied by an original breeding animal intra-trade health certificate (known as a TRACES certificate) and a passport for each animal. A TRACES message, corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by officials in the dispatching country). For the return journey, this original certificate must be endorsed by the signature of the official veterinarian of the Department at the show, together with the official stamp of the competent authority and date of endorsement. A TRACES message will be sent for the return journey also (this will be performed by Department officials attending the show).

In addition, a non-comminglement certificate must be issued by the official veterinarian for the show at or before return, stating that the animal shows no clinical signs of disease and has not been in contact, during its stay at the show/event, with animals of a lesser health status. The passport must accompany the animal on the return journey also.

The Show Secretary should complete a CMMS 5 form in respect of animals imported to take part in the Show. The owner of the imported animal(s) is required to sign the form also when the animal arrives at the Show and provide his/her herd number. Following the Show, the official veterinarian should complete the bottom portion

of the CMMS 5 form also confirming that he has stamped the official Health Certificate and that he has issued a Non-Comminglement Certificate.

The completed CMMS 5 form should then be forwarded to NBAS Division, Administration Building, Backweston Campus, Backweston, Celbridge, Co Kildare to enable recording of the movement. A carbon copy of the form will be provided for the Show Secretary, the official veterinarian and the herd keeper of the animal(s).

CMMS 5 forms are available from (local District Veterinary Offices (DVOs) or from the Cattle Movement Notification Agency, Clonakilty, Co Cork) should then be forwarded to AIM Division, Administration Building, Backweston Campus, Backweston, Celbridge, Co. Kildare to enable recording of the movement. A carbon copy of the form will be provided for the Show Secretary, the official veterinarian and the herd keeper of the animal(s).

## **IMPORTANT INFORMATION FOR ORGANISERS OF SHOWS AND EXHIBITORS OF CATTLE 2013 SPECIFIC REQUIREMENTS - CATTLE**

The following changes are being introduced for keepers of bovine animals who wish to show cattle – these changes apply from the 2013 Show season.

Keepers of cattle are now required to obtain a Certificate of Compliance prior to the movement of an animal to a show.

Certificates of compliance can be obtained online from the Animal Identification and Movement (AIM) system through the [www.agfood.ie](http://www.agfood.ie) facility or from the Cattle Movement Notification Agency.

When applying for a Certificate of Compliance, Keepers should not specify a destination herd.

On the day of the Show, the Certificate of Compliance should be presented to the Show Secretary along with the bovine passport for the animal.

The keeper and the Show Secretary will then sign the Movement Notification section of the Certificate which will then be sent to the local DVO for recording into the AIM system.

Please note that only cattle for which a valid Certificate of Compliance is provided to the Show Secretary will be allowed to be shown on the day of the show.

**These Certificates will replace the previously-used CMMS 4 forms.**

---

**IMPORTANT: It is recommended by the Irish Show Association that  
all Exhibitors would have their own insurance cover**

### SPECIFIC REQUIREMENTS - SHEEP

#### Animal Health Status

##### Identification

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System (NSIS).

##### Movement Documentation

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied by the relevant movement permit (SCR/10), which can be obtained from the local District Veterinary Office in the county where the flock is located.

##### AIM Notification

The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners sheep dispatch document as follows:

1. The owner/keeper presents the signed and completed dispatch document with to the show secretary who checks it to ensure that it is completed in full.
2. The show secretary fills in the MART section of the dispatch document with (i) the show number, (ii) the date of the move back to the source holding (iii) stamps it with the show stamp and (iv) signs the dispatch document.
3. The show secretary then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement.
4. The show secretary keeps white copy for his/her records.
5. The source/destination keeper keeps the bottom yellow copy to enter it into their flock register.

Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

##### Flock Register

All movements of sheep to and from shows must be recorded in the keeper's flock register.

##### Exports to Northern Ireland

All sheep must be accompanied by a TRACES infra

trade certificate for ovine animals. A TRACES message, corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO). Exhibitors are advised to contact the show society in Northern Ireland well in advance of any show to determine the suitability of the show for return of animals (e.g. premises and sheep status), and whether the authorities will have officials and veterinary staff present to supervise and process documentation for animals returning to origin.

Agreement for the movement and immediate return of sheep to a Show in another country or vice versa currently applies for movements between Ireland and Northern Ireland only – it does not apply for movements to Great Britain or further afield. Movements to shows other than Northern Ireland, will be dealt with on a case-by-case basis and you should contact your local District Veterinary Office at least one month prior to the Show.

##### Attendance of sheep from scrapie monitored flocks at shows in 2013

###### Shows between 1st May and 31st October

Sheep from Scrapie Monitored Flocks will be permitted to attend Agricultural Shows taking place between 1st May and 31st October, without restrictions or separation from other categories of sheep.

###### Shows outside of the 1st May and 31st October Period

For shows taking place before 1st May or after 31st October, sheep from Scrapie Monitored or Probationary flock must be separated from other sheep as set down below.

- a. There must be complete separation of Monitored/ Probationary sheep from other categories of sheep at the show. Ideally, this would mean a separate entrance and exit for each group, separate loading and unloading areas, separate penning areas for each of the two groups and separate sale rings for each of the two groups.
- b. In locations where all of the above may not be possible, the minimum requirement would be for separation of loading and unloading areas and also of penning areas. The two penning areas should be separated by a sheep-free alleyway at least twelve feet wide. If only one show ring is available, the sheep from the scrapie-monitored flocks must be shown first..

### Retraining (within the confines of the show ring) Racehorse to Riding Horse

Open to thoroughbred horses that have started under rules on either the track or point to point but must not have:

- Won more than 3 classes in either retraining or novice classes under Racehorse to Riding Horse Ireland rules
- Won an open class under Racehorse to Riding Horse Ireland rules
- Won or been placed in the first three places or a championship such as the Royal Dublin Horse show, Balmoral, Hickstead or the Royal Windsor Horse show.

Passport and racing details to be made available for inspection on the day of the show.

Snaffle bits only to be used. No spurs allowed. Martingales acceptable.

Competitors must have attained their 15th birthday.

Proper show turnout is essential.

(where a show only holds a retraining class, open horses will be eligible to enter but must adhere to retraining rules of snaffle bit (snaffle mouthpiece on curb bit is not acceptable and no spurs).

#### Format of the class

The judge does not ride in the retraining class.

The class will riding as a group in which horses will perform walk, and trot only on both reins. Each competitor will perform an individual show displaying a walk, trot, and canter (on the correct lead) as well as a gallop before returning to a halt (to be maintained for 5 seconds). The judge may ask relevant questions such as the horses age, how long it has been out of training etc, to gather background on the animal.

The competitor should walk away from the judge, and trot back towards the judge, then continue into a figure of 8 and canter on both reins on the correct lead. The competitor should extend into gallop along the long side and then return to halt and maintain for 5 seconds. Salute and return to the line up.

Horses will be called into a line up by Judges on preference or as instructed.

This horse is being judged on suitability of retraining from a racehorse to a riding horse and this is the first rung on the ladder, therefore the control, manners, rhythm of paces and suitability for retraining are the most important factors.

The judge will score the various paces as they are performed, noting that the horse should be working at his own natural paces not rushing or sluggish. The judge is looking for the horse to be responsive to aids as well as for example, cantering on the correct lead.

As this is the first class on a learning curve the horse does not have to be perfectly on the bit nor be in exceptional show condition.

Judges should remember that this class is designed to encourage the leisure riders and happy hackers to

compete and enjoy a day out with their ex racehorse, as well as being a stepping stone for the more professional riders with a novice ex racehorse.

Ring Steward should total each sheet as the scoring is completed.

**Conformation is not taken into account by Racehorse to Riding Horse Ireland as a horse can race and win at the highest level with conformation issues. In addition blemishes such as scars, splints, curbs, and stringhalt are to be ignored.**

Scores attained on the score sheet determine the winner and other placings. Score sheets to be made available to competitors after the class and must be returned to the show office (unless the competition forms part of a league and in which case score sheets will be available when the league concludes). **THE JUDGES DECISION IS FINAL!**

#### Points to Note

Racehorse to Riding horse Ireland judges horses on the level of training, control, obedience and manners first and foremost.

However the judge may use their discretion should a horse misbehave and the judge feels that it is out of context for the animal, for example that there is an unusual distraction outside of the ring.

#### Tack

Plain leather Bridle – Single - Micklem  
Bits - Snaffle bits only allowed in this class

**\*\*In the event a competitor does not have the correct bit, if the judge permits them to compete then a deduction of 10 marks must be made from the total score on the score sheet\*\***

Martingales are acceptable (running or standing if fitted properly)

Nosebands plain / Grackle / drop / flash

Saddles for showing may be reasonably straight to show the horse off but so long as the saddle is fitted and does not obstruct the action of the horse it is acceptable (jumping, general purpose, and dressage are all acceptable, as is side saddle (however the competitor must have an astride saddle available for the judge to ride the horse)).

Games, polo, racing, or treeless saddles are **NOT** acceptable and competitors will be refused entry to the class and forfeit their entry fee.

#### Turnout Horses

- Manes to be plaited
- Tails to be plaited or pulled
- Heels to be trimmed
- Remedial Shoes are permitted if required.

**Riders**

- Tweed, Navy or Black Jackets are acceptable
- Cream, Beige or Canary Jodphurs/breeches
- Velvet hats or skull caps with black, navy or brown velvet covers are acceptable
- Hats **must** have a three point harness in the interest of safety – no exceptions are permitted.
- Shirt and tie or hunting stock
- Long boots or short boots with gaiters or chaps
- Gloves

- Hairnet where appropriate
- Canes or riding whips of standard length may be carried – schooling whips are not permitted
- Spurs are **NOT** permitted in this class.

**Anyone seen to abuse a horse will be eliminated and immediately asked to leave the ring.**

Rosettes and Prizes in kind will be awarded for this class

## Important Notice to Animal Owners Involved in Showing Animals:

The I.S.A would advice all Animal owners who have their Animals insured to have the Insurance cover them while showing Animals at Shows. We understand that it cost very little or nothing at all depending on whom you have Insurance cover with.

If you are one of the few who don't have cover we would advise that you think about putting it in place for this purpose. It may be well worthwhile.

The reason for us giving you this advice is to protect yourself in the event of your animal lashing out, and injuring someone or damaging someone's property, if that were to happen, and it is established that your animal was out of your control you may be held responsible, or partly responsible for any injury or damage caused and may end up paying, all or part of any settlement reached.
